Richland Township, Cambria County - Contractor's License

As a contractor, you may already be aware that contractors who perform home improvements totaling \$5,000 or more per year in Pennsylvania must now register with the Office of Attorney General. This includes any person who owns and operates a home improvement business or who undertakes, offers to undertake or agrees to perform any home improvement. Home improvement contractors must register with the Office of Attorney General at www.attorneygeneral.gov or call 1-888-520-6680. **Upon application for a building permit in Richland Township, all PA registered contractors must provide their official registration number and proof of workers' compensation.**

Richland Township still requires contractors to register every year for **all commercial construction and new home construction when performing work within the township.** This license requirement applies to all contractors whether working as a general contractor or subcontractor on a project. It shall be the duty of all contractors, commercial and new home contractors and subcontractors to comply with all ordinances and codes relating to the construction, alteration and repair of all buildings, structures, all site preparation, excavation and paving in Richland Township. Prior to construction, the Township shall review modifications or repaving of driveways entering onto Township roads. All other laws or ordinances pertaining to or regulating activities in Richland Township shall also be followed. **Please note the back of the application indicates the current codes in effect in Richland Township. At the time of registration and payment of the registration fee, and submittal of the required insurance verifications, the contractor or subcontractor shall be issued two (2) decals. These decals shall be prominently displayed on all vehicles used during the registration year. Additional decals, in excess of two (2), cost one dollar (\$1.00) per decal.**

The Workers' Compensation Reform Act states that all municipalities that issue building permits in Pennsylvania must require all contractors to provide proof of workers' compensation insurance for their employees. Please submit this certificate of insurance with your contractor's license application. Richland Township must be listed as a certificate holder. **If you do not employ other individuals, and therefore, do not carry workers' compensation insurance, a notarized affidavit stating the same is required. A form letter is available at the Township office.** A certificate of insurance indicating general liability insurance coverage shall also be submitted with the application.

Prior to beginning work for any new house or commercial construction within the township, please complete the enclosed application form and return it along with your certificates of insurance and the renewal fee of \$100.00. Checks or money orders should be made payable to Richland Township. Your decals and an approved copy of the license application will be returned to you. If there are any questions, please do not hesitate to contact this office at 814-266-2922 ext. 3.
